

PlacerOnline.biz

A web-based data management subscription specifically designed for aggregate and construction material producers.

Our cloud-computing software will organize your...

- Inspections
- Audits
- Assessments
- Monitoring
- Training
- Documents

**Accessible information is power,
organized information is profitable.**

Ensuring your ability to avoid liability risks and fines.

Things like:

- Regular inspections and monitoring
- Stormwater inspections
- BMPs
- Spill prevention plans
- Dust controls
- Tank monitoring and registrations
- Permits and permit renewals
- Training and safety

PlacerOnline.biz will help you to automate all of these processes.

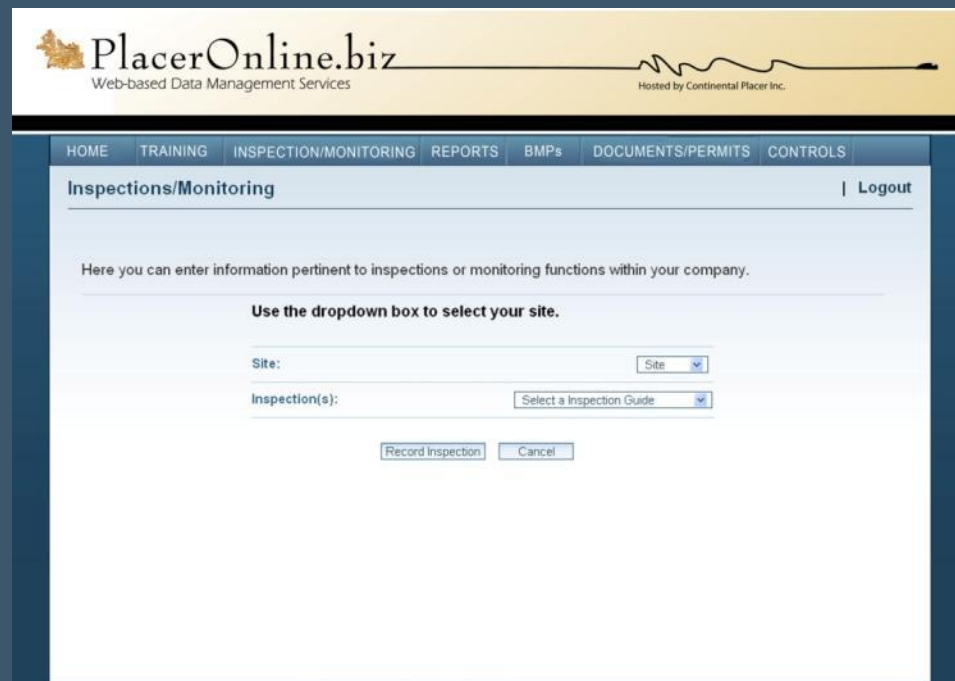

How do you keep track of each inspection or your required environmental monitoring?

- Is there a system to automatically notify personnel when it is time for them to perform an inspection or monitoring activity?
- Do you receive e-mails when it is time to renew a valuable permit?
- Can you quickly go online and see what inspections or audits were completed and when?
- Can you check on urgent or costly corrective actions and be reassured that they were completed with proper documentation?

PlacerOnline.biz is a cost effective, simple to use web-based computer system to help accomplish all those things. It will help you to:

- Create a standardized system to manage operational data and the flow of information coming in and going out.

The screenshot displays the PlacerOnline.biz web application interface. At the top, the logo "PlacerOnline.biz" is accompanied by the tagline "Web-based Data Management Services" and the text "Hosted by Continental Placer Inc.". Below the header is a navigation menu with tabs for HOME, TRAINING, INSPECTION/MONITORING, REPORTS, BMPs, DOCUMENTS/PERMITS, and CONTROLS. The "INSPECTION/MONITORING" tab is selected, and the page title is "Inspections/Monitoring" with a "Logout" link. The main content area contains the instruction: "Here you can enter information pertinent to inspections or monitoring functions within your company." Below this, a bolded instruction reads: "Use the dropdown box to select your site." The form includes a "Site:" label with a dropdown menu currently showing "Site", and an "Inspection(s):" label with a dropdown menu showing "Select a Inspection Guide". At the bottom of the form are two buttons: "Record Inspection" and "Cancel".

PlacerOnline.biz is a cost effective, simple to use web-based computer system to help accomplish all those things. It will help you to:

- Get organized with a centralized location for all your information which is accessible and secure, there when you need it.

The screenshot displays the PlacerOnline.biz web application interface. At the top, the logo 'PlacerOnline.biz' is accompanied by the tagline 'Web-based Data Management Services' and the note 'Hosted by Continental Placer Inc.'. A navigation menu includes links for Home, Training, Inspections / Monitoring, Reports, BMPs, Documents / Permits, and Controls. The main content area is titled 'Site: Site A' and features a 'Site Maps' link. Below this, there is a section for 'Available Documents/Permits' with an 'Add New' link. A table lists the following items:

Name	Type	Description	Action
E Kingston_dot base map_11-base map.pdf	Site Map	Quarry Site Map - Full Color	delete
IMG_1353.jpg	Information	Photo Concrete Plant	delete
IMG_1393.jpg	Information	Photo of a drill rig	delete

PlacerOnline.biz is a cost effective, simple to use web-based computer system to help accomplish all those things. It will help you to:

- Develop a customized system of notifications and due dates to ensure each site has met it's auditing and regulatory requirements.

The screenshot displays the PlacerOnline.biz web application. The top header features the logo and the text "PlacerOnline.biz Web-based Data Management Services" and "Hosted by Continental Placer Inc.". A navigation menu includes "Home", "Training", "Inspections / Monitoring", "Reports", "BMPs", and "Documents / Permits". A left sidebar contains "Company Info", "Sites", "Inspectors", and "Login Information". The main content area is titled "Site Information" and contains a table of site details:

Company Name:	PlacerOnline Demo
DBA:	
Site Name:	Site A
Contact First Name:	Liz
Contact Middle Initial:	
Contact Last Name:	Haight
Phone #:	518-369-3386
Fax #:	518-458-9206
Report/Log Email Address(es):	ehaight@continentalplacer.com btardiff@continentalplacer.com
Notification Email Address(es):	ehaight@continentalplacer.com btardiff@continentalplacer.com
Followup Email Address(es):	btardiff@continentalplacer.com

Below the table, there is an "Inspection Notification" section. It includes the text: "The information included below represents specific company sites information recorded in our database." and "Dear Inspector:". The notification body states: "Attached to this message is your compliance inspection or monitoring form, SWPPP Inspection. Please print the form by clicking on the link provided to complete the form online." It also includes a "Material Links" box with a link to "Inspection Form". The notification concludes with a URL "http://www.placeronline.biz" and a note: "NOTE: All inspection forms are previewed and printed using Adobe Acrobat Reader. This software application is free, and can be downloaded by following the link below: http://www.adobe.com/products/acrobat/readstep2.html". The notification is signed "Sincerely, PlacerOnline.biz".

PlacerOnline.biz is a cost effective, simple to use web-based computer system to help accomplish all those things. It will help you to:

- Track all of your site's time sensitive inspections and tasks.
- Make all your existing company documents available to all sites with a single upload, things like best management practices, reports, maps, test results or current training.
- **Avoid costly inspection oversights and recordkeeping fines.**
